CARRY ON

CARRY ON was formed in 1932 by a small dedicated group of ex-servicemen. They saw other ex-servicemen in need, and decided to help them. Their good work has been carried on to this day.

Who does CARRY ON help?

1. Former and serving members of the military forces who have served in war, or on peace keeping duties who are in need of assistance.

2. Former and serving members of the military forces who have been injured in training and whose need has been occasioned by such injury, or whose need is caused by such service.

3. Wives, widows and dependent children of the above.

How does CARRY ON help?

CARRY ON committees can attend to urgent cases immediately.

CARRY ON helps by paying outstanding accounts (household expenses etc) and providing food vouchers.

As well as the members who voluntarily give their time to help those in need, our Welfare Officer handles the wide range of problems brought to our attention.

Education

Education assistance is provided to Secondary and Tertiary Students who are dependants of ex-servicemen and women that we help.

CARING FOR THE AGED

A Major Commitment

CARRY ON is involved in the housing of aged ex-servicemen and women. Retirement units for the aged have been built in Mildura, Ballarat, Reservoir, Noble Park, Rosebud and Geelong. Photographs shown in this leaflet are typical of all CARRY ON units.

The provision of quality, low rental homes allows the elderly to live their lives with dignity.
